

12 Happy year anniversary to New Health!

Thank you all for your support on the New Health nutraceutical products. Under Dr. Simon Hsia's leadership, we will continue to design high quality nutraceutical products based on nutraceutical principle.

New Health, a dedicated high quality nutritional supplements provider, emphasizes on the following 7 characteristics :

1. Carefully selected raw material

- High quality ingredients
- Establish cGMP team to ensure the best quality control

2. Senior Research & Development Team and Center

- Ingredients combination based on scientific evidence
- All products are safe and stable
- Currently undergoing animal research projects and clinical studies with world famous medical centers (see following Table)

3. Advanced manufacturing technology

- Holds numerous United States Patents for nutritional supplement products
- Pioneered various manufacturing procedures

4. Dedicated and well-equipped laboratory on-site

- Completely equipped laboratory • Continuous attention to quality control

5. Quality Assured Packaging

- High frequency bottle Sealing • Moisture Proof Packaging
- Anti-Collision Packaging • 100% Made in USA

6. Professional Consulting Service

- Certified Registered Dietitian
- Professional Health Seminars/Workshops • Personal nutritional consultation services

7. Nutraceutical Pioneer

- Updated nutraceutical research and development allows NH Nutraceutical, Inc. to provide you with the best nutritional supplements and nutritional consulting services.
- NH Nutraceutical, Inc. wishes you and your family a great and healthy life!

Science Evidence

New Health has been doing research with world known medical centers in both the United States and Taiwan. The following research results are the best spokesperson for New Health nutraceutical products.

U.S. Institution	Topic	Nutraceuticals
U.S. Mayo Medical Center	Vitamin E and evening primrose oil for management of cyclical mastalgia: a randomized pilot study. * Altern Med Rev. 2010 Apr; 15(1); 59-67	Natural Vitamin E, Evening Primrose Oil
Taiwan Institutions	Topic	Nutraceuticals
Chung Shan Medical University Hospital, Taichung Veterans General Hospital	Effects of coenzyme Q10 supplementation on inflammatory markers (high-sensitivity C-reactive protein, interleukin-6, and homocysteine) in patients with coronary artery disease. * Nutrition 2012 Jul; 28(7-8): 767-72	CoQ10
	Coenzyme Q10 supplementation reduces oxidative stress and increases antioxidant enzyme activity in patients with coronary artery disease. * Nutrition.2012 Mar;28(3): 250-5	
	The Relationship between Coenzyme Q10, Oxidative Stress, and Antioxidant Enzymes Activities and Coronary Artery Disease * Scientific World Journal: 2012;2012:792756	
Hung Kuang University, Dept of Health, Cheng-Ching Hospital, Taichung	Role of certain trace minerals in oxidative stress, inflammation, CD4/CD8 lymphocyte ratios and lung function in asthmatic patients. * Ann Clin Biochem; 2011 Jul; 48 (Pt4): 344-51	Green Barley , CoQ10, Vitamin C, Combination of various anti-oxidants, Natural fish oil, multi-vitamin and mineral
	Nutritional supplement therapy improves oxidative stress, immune response, pulmonary function, and quality of life in allergic asthma patients: an open-label pilot study * Altern Med Rev. 2012 Mar; 17(1): 42-56	
Hung Kuang University, Tsaotun Psychiatric Center, Country Hospital, Kuang Tien General Hospital	Depression Clinical Trial	Natural fish oil, multivitamin and minerals, Gingko
	Animal tumor prevention and treatment	Combination of nutrients, Natural fish oil, Selenium Yeast
Ocean University	Nutrition supplementation on chronic disease prevention	Combination of nutrients
	Diabetes mice animal study-The effect of anti-oxidants extract on STZ induced diabetes mice metabolism and chronic inflammation.	Various Anti-oxidants
Providence University	Diabetes mice animal study-The effect of bitter melon extract on STZ induced diabetes mice metabolism and chronic inflammation.	Bitter melon extract ,various anti-oxidants
	Diabetes patient clinical experiment- Examine the effect of antioxidant and bitter melon extract combo on Type 2 diabetes patient chronic inflammation and blood clotting risk factors.	Various anti-oxidants, various natural ingredients and bitter melon extract
